

# BRITISH HIP SOCIETY

Annual Scientific Meeting  
Manchester Conference Centre

HYPERLINK "<http://www.manchesterconferencecentre.co.uk/location>" <http://www.manchesterconferencecentre.co.uk/location>

Wednesday 11<sup>th</sup> March 2.30 pm – 5 pm

## Parallel BHS Instructional Sessions

### **1. Impaction Cancellous Bone Grafting. - Chairman Graham Gie & Tim Board Maximum 18 participants. Must pre-register with Leslie O’Leary @ BHS**

Meeting to be held at the NHS Blood and Transplant Laboratory, 4 Estuary Banks, Speke, Liverpool. L24 8RB

This symposium is designed to concentrate on the practical aspects of impaction grafting in revision hip arthroplasty. Delegates will hear top tips from the experts followed by a “hands on” session using real femoral head bone graft.

This is the only course that gives you hands on experience with real bone.

- |                                                                                        |             |
|----------------------------------------------------------------------------------------|-------------|
| 2.30 Introduction to the NHS Blood and Transplant Tissue Services Bone Bank            | <b>Prof</b> |
| <b>John Kearney</b>                                                                    |             |
| 2.35 Evidenced based Orthopaedics - support for impaction grafting from the literature | <b>Mr</b>   |
| <b>Tim Board</b>                                                                       |             |
| 2.45 Impaction grafting the Acetabulum - How I do it                                   | <b>Prof</b> |
| <b>Peter Kay</b>                                                                       |             |
| 2.55 Impaction grafting the Femur - How I do it                                        | <b>Mr</b>   |
| <b>Graham Gie</b>                                                                      |             |

### **3.05 - 4.30 Practical Workshop**

Hands on demonstrations of bone preparation, acetabular and femoral impaction grafting using real fresh frozen femoral heads. All participants will get the chance to do some real impaction grafting including cementing prosthesis and analysis of the resulting interfaces.

### **2. Femoro-acetabular Impingement. Chairman Johan Witt Maximum 20 participants. Must pre-register with Leslie O’Leary @ BHS**

Meeting to be held at Manchester University

This course is aimed at Consultants and Trainees who are interested in developing a greater understanding of the diagnosis and surgical management of FAI. The aim will be to have considerable audience interaction and to bring cases of interest for discussion.

Getting the diagnosis right  
Patient selection – what we have learned  
**(Truro)**

My indications for PAO to address acetabular retroversion  
Small incision surgery to address FAI lesions  
**(Stanmore)**

Update on outcomes after FAI surgery  
**\_Con-43E7EFF2B \c \s \l Marcus Bankes (London)**

**Johan Witt (London)**  
**Darren Fern/Mark Norton**

**Gavin Hussell (Portsmouth)**  
**Aresh Hashemi-Nejad**

**CONTACT**

Cadaveric session to look at the anatomy of surgical dislocation and limited approaches to the hip.

**Thursday 12<sup>th</sup> March 2009**

**Manchester Conference Centre**

**8.30am Registration with tea/coffee/biscuits**

**9.00 – 11.00 Emerging Hip Surgeon's Forum**  
**Chairmen: Tim Board & Mukesh Hemmady**

This part of the meeting is for senior trainees and newly appointed consultants. The form will be discussions based around interesting, complex and challenging cases and/or issues raised in the first few years of consultant life. The aim of the meeting is to be informal to promote discussion of cases/points raised.

**Presenting Surgeons:**

Tim Board (Wrightington), Max Fehily (Bolton), Will Hart (Wolverhampton), Steve Jones (Cardiff), Vikas Kandhuja (Cambridge), Winston Kim (Salford), Sanjeev Patil (Glasgow), Steve Philips, (Oswestry), Nikhil Pradhan (Warrington)

**11 – 11.15 Tea/coffee/biscuits. Posters.**

**MAIN MEETING OF THE BRITISH HIP SOCIETY**  
**Manchester Conference Centre, main hall**  
**National Joint Registry Session**

**11.15 Welcome to Manchester. Peter Kay.**

**11.17 UK National Joint Registry update – since last BHS meeting. Peter Howard**  
The Editorial Board **Martyn Porter**  
Clinician Feedback **Mike Swanson**  
Management of Outliers **Martyn Porter**  
HQIP, money for spending & PROMS **Robin Burgess Chief**  
**Exec HQIP**  
Studies using NJR data **Keith Tucker**  
National thromboprophylaxis study **David Marsh**

**11.45 National Joint Registries International Perspective – Henrik Malchau**

**12.05 Panel discussion. Chair + Keith Tucker, Henrik Malchau, Robin Burgess, Martyn Porter, Richard Armstrong, David Marsh, Paul Gregg and Clare Darrah.**

Questions from the floor – please submit to [HYPERLINK](#)

"mailto:pwhoward7@hotmail.com" [pwhoward7@hotmail.com](mailto:pwhoward7@hotmail.com) in advance if you have any questions you would like to raise.

- 12:30 pm     **Buffet lunch. Poster viewing.**
- 1:30 pm     **Joint ACPA/BHS Symposium, Morag Trayner, President ACPA/Peter Kay**
- 1.30         Introduction: **Morag Trayner, President ACPA**
- 1.35         Workforce Planning – Department of Health Perspective  
**Maxine Foster**  
**Workforce Director 18 Weeks Department of Health**
- 1.40         ACPA Workforce Survey Results  
**Judith Learmont, ACPA**
- 1.45  
lead by       Experiences of Developing and Progressing Arthroplasty Roles - Discussion panel  
**Clare Darrah ACPA, Peter Kay BHS**
- 2.40         A Proposed Model of Arthroplasty Follow up in Primary Care by a Surgical Team  
**Jill Pope, ACPA**
- 2.45  
a US          Paper: Redesign of an arthroplasty service for orthopaedic nurse practitioners using  
surgeon's assistant model: does it work in the UK?  
**J McRoberts , MJLP Porteous**  
*West Suffolk Hospital*
- 2.55         Discussion panel ‘Experiences of Developing and Progressing Arthroplasty Roles’  
–  
**Clare Darrah & Peter Kay to lead.**
- How can ACPA and BHS work to define the skills we need?  
Interactive voting on how we want to see the future develop
- 3:10         **Tea/Coffee and Posters**
- 3:30         **Podium Presentations of Scientific Papers.- Miscellaneous**  
**Chairs: Colin Howie & Adam Hoad-Reddick**
- orthopaedic    The effect of implementation of European working time directive on the current  
England        training by multicentric hip fracture re-audit in 14 NHS trusts in north west of  
England  
**A Sahu, N Jain, S Dalal, BD Todd**  
*Stepping Hill Hospital, Stockport, UK*
- 3.40  
hip            Patient-reported outcome following metal-on-metal resurfacing of the hip and total  
replacement.  
**D. P. Hall, D. Srikantharajah, R.E. Anakwe, P. Gaston, C.R. Howie**  
*Department of Orthopaedic Surgery, Royal Infirmary of Edinburgh, Scotland.*

- 3.50 Three-dimensional CT analysis to determine acetabular retroversion  
**W Dandachli, S Ulislam, M Liu, R Richards, JD Witt**  
*University College London Hospitals*
- 4.00 Localised cartilage assessment with delayed gadolinium enhanced magnetic resonance imaging of cartilage in subjects with normal and cam-type abnormal hip joint morphology. An assay of early disease.  
**TCB Pollard<sup>1</sup>, EG McNally<sup>1</sup>, DC Wilson<sup>2</sup>, B Maedler<sup>2</sup>, DR Wilson<sup>2</sup>, M Watson<sup>1</sup>, AJ Carr<sup>1</sup>**  
<sup>1</sup>*Nuffield Department of Orthopaedic Surgery, University of Oxford, Oxford,*  
<sup>2</sup>*Department of Orthopaedics, University of British Columbia, Vancouver*
- 4.10 Genetic influences in the aetiology of femoroacetabular impingement: a sibling study  
**TCB Pollard<sup>1</sup>, RN Villar<sup>2</sup>, M Williams<sup>3</sup>, MR Norton<sup>3</sup>, ED Fern<sup>3</sup>, DW Murray<sup>1</sup>, AJ Carr<sup>1</sup>.**  
<sup>1</sup>*Nuffield department of Orthopaedic Surgery, University of Oxford*  
<sup>2</sup>*Wellington Hospital, London*  
<sup>3</sup>*Royal Cornwall Hospitals NHS Trust*
- 4.20 Management of fracture neck of femur in medically unfit ASA 4 patients using direct infiltration local anesthesia rather than regional blockade  
**T.Kamal<sup>1</sup> S.Garg<sup>1</sup>, Z.Win<sup>2</sup>**  
<sup>1</sup>*Orthopaedic department, Darent Valley Hospital, Dartford, Kent.*  
<sup>2</sup>*Anaesthetic department, Darent Valley Hospital, Dartford, Kent*
- 4.30 Relative femoral neck lengthening procedure: a biomechanic balancing procedure for future THR  
**SS Madan, M Leunig, R Ganz**  
*Sheffield Children's Hospital, Doncaster Royal Infirmary, UK and Inselspital, Berne, Switzerland.*
- 4.40 Arthroscopy of the hip for the symptomatic resurfacing arthroplasty  
**V Khanduja, K Sisak, RN Villar**  
*The Villar Practice, Wellington Hospital, London, Addenbrookes Hospital, Cambridge*
- 5.00 **Horizon Scanning in Hip Surgery Technology Challenge**  
Your chance to vote and guide future direction of hip surgery in the UK - with the Department of Health
- 5:30 Bar Opens
- 5:45 **Annual General Meeting of the British Hip Society**

See agenda in appendices

8.30pm Annual Dinner, Days Hotel, Manchester Conference Centre - Lounge Suits

Friday 13<sup>th</sup> March 2009

Manchester Conference Centre

- 8.00am **Registration and coffee**
- 8.30 **Podium Presentations of Scientific Papers – Primary Arthroplasty  
Chairs Dominic Meek & Ian Stockley**
- 10 year results of custom stems in total hip arthroplasty in the under 50's  
**X. Flecher, O. Pearce, S.Parratte, D. Grisoli, M. Helix, JM. Aubaniac, JN.  
Argenson**  
*Aix-Marseille University, Centre for Arthritis Surgery, Department of Orthopaedic  
Surgery, Sainte-Marguerite Hospital, Marseille, France.*
- 8.40 Single surgeon series' experience with the Reef™ implant in femoral  
reconstruction and revision hip arthroplasty  
**M Rookmoneea, M Maru, IW Wallace**  
*James Cook University Hospital*
- 8.50 The outcome of Charnley elite plus modular hip replacement.  
**Desai AS, Board TN, Karva A, Derbyshire B, Porter ML**  
*Centre for Hip Surgery, Wrightington Hospital, U.K. WN6 9EP*
- 9.00 C-stem versus Charnley. Results from a randomized trial after two years with  
radiostereometry (rsa)  
**J Dahl<sup>1, 2</sup>, J Rydinge<sup>1</sup>, SM Rohrl<sup>2</sup>, F Snorrason<sup>2</sup>, L Nordsletten<sup>2</sup>**  
*1 Orthopaedic Department, Ringerike Hospital, Hønefoss, Norway  
2 Orthopaedic Centre, Ullevål University Hospital, Oslo, Norway*
- 9.10 Functional outcome of alumina ceramic total hip replacement-a mid-term follow-  
up  
**A S Rajeev, D K Mishra, RG Kakwani, Shankar N Kashyap**  
*Queen Elizabeth Hospital, Gateshead, UK*
- 9.20 Comparison between metal-on-polyethylene and metal-on-metal articulation in  
total hip arthroplasty – a randomized controlled trial  
**A S Rajeev, D K Mishra, RG Kakwani, C Wainwright, Shankar N Kashyap**  
*Queen Elizabeth Hospital, Gateshead and Sunderland Royal Hospital,  
Sunderland, UK*
- 9.30 Single dose antibiotic prophylaxis for primary lower limb arthroplasty  
**I Gill, M Reed.**  
*Wansbeck General Hospital, Ashington, UK.*
- 9.40 Infection in arthroplasty. Changing trends and outcomes in the obese population.  
**A Augustine, D Macdonald, H M Murray, A Mohammed, RMD Meek, S Patil**

*Southern General Hospital, Glasgow*

- 9.50 The effect of drains on transfusion requirements in primary total hip replacement: a prospective randomised trial.  
**G Cheung, JE Oakley, AJF Bing, MR Carmont, N Graham, RJ Alcock**  
*Robert Jones Agnes Hunt Orthopaedic Hospital, Gobowen, Oswestry*
- 10.00 **Coffee, biscuits and Poster viewing**
- 10.30 **Podium Presentations of Scientific Papers – Revision Arthroplasty**  
**Chair: Andrew Hamer**
- and Paprosky type ii and iii femoral defects treated with radial impaction allografting collared long stem prosthesis  
**AS Rajeev, D K Mishra, RG Kakwani, Shankar N Kashyap**  
*Queen Elizabeth Hospital, Gateshead, UK*
- 10.40 Mid to long term results of irradiated allograft in acetabular reconstruction  
**NW Emms, SC Buckley, I Stockley, AJ Hamer, RM Kerry**  
*Northern General Hospital, Sheffield*
- 10.50 Revision hip surgery- how much is it costing your hospital?  
**RW Westerman, R Slack**  
*Queen Elizabeth the Queen Mother Hospital, Margate, Kent*
- 11.00 Effects of tranexamic acid in total hip arthroplasty.  
**J Singh, A Malhotra, P Mitchell, P.G Denn**  
*Macclesfield District General Hospital, Macclesfield, Cheshire, UK.*
- 11.10 The relationship between abduction contracture and leg length discrepancy following total hip replacement  
**H. Wynn Jones, T. Harrison, R. Clifton, B. Akinola, K. Tucker**  
*The Norfolk and Norwich University Hospital NHS Trust*
- 11.20 Leg lengthening after total hip arthroplasty. Identification of patients at risk.  
**BM Wroblewski, PD Siney, PA Fleming**  
*The John Charnley Research Institute, Wrightington Hospital, UK*
- 11.30 **Symposium: Leg Length Inequality and Templating in THR.**  
**Chair: Graham Gie**
- |                        |                  |
|------------------------|------------------|
| 1. Medico-legal issues | - Peter Kay      |
| 2. Soft Tissue Issues  | - Keith Tucker   |
| 3. Getting it Right:   |                  |
| Cementless Components  | - Steve Young    |
| Cemented Components    | - John Timperley |
- 12.15 **Presidential Guest Lecture**  
**Henrich Malchau:**  
Highly cross linked polyethylene

- 13.00      **Buffet Lunch. Poster viewing.**
- 14.00      **Podium Presentations of Scientific Papers - Metal on metal and resurfacing.  
Chairs: Peter Howard & David Murray**
- Introduction & overview of all submitted abstracts.  
**Peter Howard**
- 14.10      Birmingham hip resurfacing: an independent single surgeon's experience at seven-  
year  
                 follow-up.  
**T Madhu, M Akula, R Raman, H Sharma, GV Johnson**  
*Department of Trauma & Orthopaedics, Hull Royal Infirmary, Anlaby Road, Hull,  
UK.*
- 14.20      ASR hip resurfacing: an independent, single-surgeon prospective study of the first  
                 214 hips  
**SS Jameson, DJ Langton, AVF Nargol**  
*University Hospital of North Tees*
- 14.30      Is the outcome of Birmingham hip resurfacing influenced by gender?  
**CW McBryde, K Theivendran, RBC Treacy, PB Pynsent**  
*The Royal Orthopaedic Hospital, Birmingham, United Kingdom*
- 14.40      Early clinical failure of the Birmingham metal-on-metal hip resurfacing is  
associated with metalosis and soft tissue necrosis  
**B. J Ollivere<sup>(1)</sup>, C. Darrah<sup>(2)</sup>, T. Barker<sup>(2)</sup>, J. Nolan<sup>(2)</sup>, M. Porteous<sup>(1)</sup>**  
*1. West Suffolk Hospital, Bury St Edmunds*  
*2. Norfolk & Norwich University Hospital NHS*
- 14.50      Early to mid-term outcome of failed hip resurfacing revised to THR depends on  
revision      indication  
**DJ Beard, G Grammatopoulos, H Pandit, Y Kwon, PJ Singh, R Gundle, P.McLardy-Smith,  
HS Gill, DW Murray**  
*Nuffield Orthopaedic Centre*
- 15.00      Birmingham hip resurfacing: function following femoral failure  
**R Gilbert, G Cheung, A Carrothers, J Richardson**  
*Robert Jones and Agnes Hunt Orthopaedic Hospital*
- 15.10      Blood metal ion concentrations post hip resurfacing arthroplasty: a comparison  
study of the      articular surface replacement and Birmingham hip resurfacing devices  
**I, Nargol Langton DJ, Sprowson AP, Jameson S, Joyce TJ, Reed M, Partington P, Carluke  
AVF**  
*University Hospital of North Tees*
- 15.20      **Tea and biscuits, poster viewing**

- 15.50 **Podium Presentations of Scientific Papers – Mom/Resurfacing  
Chairs: Graham Gie & Stephen Eastaugh-Waring**
- Asymptomatic pseudotumours in patients with metal-on-metal hip resurfacing:  
prevalence and metal ion study  
**Taylor, H** *YM Kwon, S Ostlere, P Mclardy-Smith, R Gundle, D Whitwell, CLM Gibbons, A  
Pandit, S Glyn-Jones, N Athanasou, D Beard, HS Gill, DW Murray*  
*Nuffield Department of Orthopaedic Surgery, University of Oxford, United  
Kingdom*
- 16.00 Adverse reactions to metal debris following large bearing metal on metal  
arthroplasty  
**AVFN** *Langton DJ, Jameson SS, Joyce TJ, Natu S, Logishetty R, Tulloch C, Nargol*  
*University Hospital of North Tees*
- 16.10 Metal-on-metal hip resurfacing in femoral head avascular necrosis: four to 14-year  
follow-up.  
*J Daniel, H Ziaee, C Pradhan, DJW McMinn*  
*The McMinn Centre, Birmingham*
- 16.20 Placental regulation of metal transfer in patients with metal-metal surface  
replacement hip  
arthroplasty  
*H Ziaee, C Pradhan, J Daniel, DJW McMinn*  
*The McMinn Centre, Birmingham*
- 16.30 Metal on metal hip resurfacing compared to uncemented custom total hip  
replacement - short- term results  
*N.A. Sandiford<sup>1</sup>; S.K. Muirhead-Allwood<sup>1,2</sup>; J. Skinner<sup>2</sup>; C. Kabir<sup>1</sup>; J. Hua<sup>2</sup>*  
*<sup>1</sup>The London Hip Unit, 30 Devonshire Street, London, W1G 6PU.*  
*<sup>2</sup>Royal National Orthopaedic Hospital Trust, Brockley Hill, Stanmore, Middlesex*  
*HA7 4LP.*
- 16.40 Minimum 10-year follow-up results of modern hip resurfacing: hip function,  
clinico-radiological and CT scan assessment  
*J Daniel, H Ziaee, C Pradhan, DJW McMinn*  
*The McMinn Centre, Birmingham*
- 16.50 Metal on metal study group, update.  
**John Skinner**
- 17.00 Discussion
- 17:10 Report By McMinn Scholar – **Alistair Hart**
- 17.20 Award of Prizes.  
Handing over of Presidency to **Ian Stockley**
- 17.30 End of Meeting

Nous n'apportons pas la réponse car pas de comparaison. Ne faudrait-il pas mettre un titre plus modeste, du style : ten year results of custom cementless stem in the under fifty ?

Il faut maxi 5 auterus pour corr
