2 Minutes of the previous meeting – Action points

- a. VK will try to request list of patients by surgeons so surgeons have option to check their own record of consent for these patients
 - i. 1371 patients consent not recorded – can send email to consultant with new consent form and give 90 days to obtain consent or anonymise. **CM happy to take on and VK will put in touch with Corri Conrad**
 - ii. 19 patients refused consent – will need to be anonymised
- b. VK will circulate post GDPR consent form to TORUS and legal team
 - i. Done.
 - ii. NJR may seek funding from DOH to look at a pilot to move forward.
 - iii. Moving to NHS Digital would provide support but this would mean data ownership moved to DoH rather than BHS
 - iv. VK will circulate document updating legal aspect**
- c. AM has circulated a research form completed with data request. Will resend blank form for review
 - i. This has been done and is on website for review.
- d. AM to request data from Amplitude
 - i. Data requested and has been analysed by Richard Holleyman Agreement that data should be independently analysed to confirm agreement
- e. MB will chase up and make contact again re app and TB has discussed with My Recovery app and will reengage with them
 - i. TB say MyRecovery app team seem keen to engage but have not worked with amplitude and no idea of costs involved.
 - ii. Agreement not to proceed at this stage but TB will get costs and AM will explore other options**
- f. All members of WG to email MW with protocols and physio details. MW

- to present collated version at next meeting
 - i. Warwick group are working on consensus and group will wait to review before proceeding with an NHAR version. MW has all protocols for future reference.
